Company Profile

As the technology leader in organic photovoltaics, Heliatek develops, produces and distributes industrial-grade organic PV solar solutions for virtually any building surface (horizontal, vertical, curved, rigid, and flexible). Heliatek stands for energy solutions designed for various traditional and never been possible before applications based on its unique features – it is ultra-light, flexible and truly green.

Business Field/Core Technology/Strength

HeliaSol® is a ready-to-use solution, ideal for retrofitting on existing building structures. HeliaFilm® is tailor-made solar film for companies in the building and construction material industry, to integrate into their façade or roof system products. Heliatek currently employs >200 people at the Dresden and Ulm locations in Germany.

Core competences:

- Material and product development of organic solar films
- Production of organic solar films in a roll-to-roll process
- Sales and business development of innovative solar solutions
